The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1, 2, 4-6 and 9 are rejected under 35 U.S.C. 103(a) as being unpatentable over Asai (US 2002/0123557 A1) in view of Isutsumi (US 5,514,748) and The Handbook of Fillers.

Rejection is maintained for reason of record with following response.

The example 2 becomes non-inventive example when claim 9 with  $W_p > W_r$  is considered since said example 2 has  $W_p < W_r$ .

Applicant's response with Fig. A has been considered, but the scope of claim is broader than the actual showing in example 1 (components and amounts thereof). For example, claim 1 recites 33-50% by weight of an inorganic powder and 20-30% by weight of a reinforcing fiber, but the example 1 uses 40% by weight of spherical silica powder and 30% by weight of glass fiber.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1714

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
